Artist Biography and Statement

I am fascinated by the many forms of artistic creation and communication: enjoying learning from other artists, classes, and books.

I love the challenge of watercolors, adding even more challenges when sumi-e led me on a delightful path of brush manipulation of ink. I have since discovered the joy of playing with abstract shapes and designs using collage, water media and ink on both paper and canvas.

I am inspired by the creativity of other artists and by music, but most of all by the light-play and colors in the natural world around me. I normally paint from my imagination or from memories.

"Ginkgo's Friend"
Watercolor and acrylic ink
21.5"W x 29.5"H
